

## PROXIMA® 1 PROXIMA® 2

PROVIDING & CONNECTING PEOPLE WITH HIGH QUALITY STANDARDS

# Proxima<sup>®</sup> | Proxima<sup>®</sup> +

## Enjoying comfort, fulfilling your needs

### Types of backing material

A complete cost-effective range to answer patients' needs

<b>1-Piece</b>		 <b>NEW</b>	<b>2-Piece</b>		 <b>NEW</b>	
						 <b>NEW</b>

### How to apply a 2-Piece system?

1

Place the base plate around the stoma and fill, if needed, with paste where the protector does not cover the skin. To ensure perfect adhesion onto the skin, warm the skin protector using your fingers.

2

Connect the pouch to the base plate: hold the locking system up and place the base plate from the bottom, pressing with your finger along the ring to the top. You will hear a clicking noise when the pouch is in place.

3

When you hear the clicking noise, close the locking system by pushing at the bottom.

# Proxima<sup>®</sup> 1-Piece & 2-Piece Closed Pouches for colostomates

- Compact design for optimal comfort and discretion
- Integrated laminar filter - 40mm
  - To reduce odour and pouch ballooning
  - Completely integrated to decrease the risk of staining clothes
- Odour proof plastic film
  - For more discretion
- Available in beige for more discretion, and transparent for visual control after surgery
- Cut-to-fit up to 70mm

## 1-Piece pouches

### Proxima<sup>®</sup>

- Washable micro perforated material on the skin side of the pouch

### Proxima<sup>®</sup> + **NEW**

- Soft non-woven material on both sides of the pouch
- New with pre-cut sizes: 25 / 30 / 35 / 40 / 45 mm

## 2-Piece pouches

### Proxima<sup>®</sup> 2

- Washable micro perforated material on the skin side of the pouch

### Proxima<sup>®</sup> 2+ **NEW**

- Soft non-woven material on both sides of the pouch

# Proxima<sup>®</sup> 1-Piece & 2-Piece Drainable Pouches for ileostomates and colostomates

- Integrated laminar filter - 60mm
  - To reduce odour
  - Completely integrated to decrease the risk of staining clothes
  - Available with or without filter
- Large capacity:  
650ml for 1-Piece pouches & 720ml for 2-Piece pouches (ø 60)
- Large drainable outlet - 7cm
  - For ileostomy or colostomy stools evacuation
  - Easier cleaning of the outlet and emptying of the pouch
  - Reusable rigid clamp or single use soft adhesive clamp available
- Odour proof plastic film
  - For more discretion

## How to use the Soft clamp?

1 Remove the release paper from the adhesive strip.

2 Centre and stick the soft clamp at the bottom of the opening (on the outer side of the pouch, not on the skin side). Leave a small space between the clamp and the end of the opening. Its size can be the width of the clamp.

3 Fold the outlet backwards four times using the clamp.

4 Squeeze the ends of the clamp firmly to complete closure.

## How to use the Rigid clamp?

1

2

3

Only 3 steps:

1. Put the thin curved part of the clamp towards the plastic of the outlet
2. Fold the film upwards
3. Close the clamp

# Drainable Pouches for ileostomates and colostomates

## 1-Piece drainable pouches

### Proxima®

- 100% hydrocolloid skin protector
- Washable micro perforated material on the skin side of the pouch

## Common features & benefits

# 2

### Types of skin protectors

- Standard
- Extended wear time

### Shape of skin protector

- Designed to spread traction force out evenly

### Cuttable up to 70mm max

- Can be used in immediate post-op

## Skin protectors for 1-Piece system

### 1. Standard

#### 100% full hydrocolloid skin protector

- Optimal skin protection
- Flexibility and comfort
- Designed for frequent changes

Standard skin protector

### 2. Border

#### Hydrocolloid with acrylic tape border skin protector

- Immediate adhesivity and secure feeling
- Increased wear time

Skin protector with acrylic tape border

## Base Plate for 2-Piece system

### 1. Full hydrocolloid skin barrier for optimal skin protection

### 2. Combined hydrocolloid & acrylic tape border for extended weartime **NEW**

Discreet flange including belt loops for extra fixation when needed

### Excellent locking & easy coupling system

- Easy coupling with minimum pressure on the abdomen
- Extra reassurance: audible click will assure you that the pouch is securely positioned

Release paper with printed cutting-target

1. Full hydrocolloid

2. Combined hydrocolloid + acrylic tape border
